4.1 **Funding of Traffic Signal Replacement at State/Stewart, Cayuga/Lincoln, Cayuga/Tompkins – Resolution**

WHEREAS, capital project #852, Pedestrian Safety Improvements, was approved by Common Council at its regular meeting on November 7, 2018 in the amount of $590,000, and

WHEREAS, The City of Ithaca has now received a $590,000 Pedestrian Safety Action Plan grant, which includes improvements at the signalized intersections of E MLK Jr/E State Street & Stewart Avenue, Cayuga Street & Lincoln Street, and Cayuga Street & Tompkins Street, and

WHEREAS, the grant only covers construction of pedestrian safety enhancements, such as pedestrian signal heads and push buttons, and

WHEREAS, the signal equipment at these intersections is nearing the end of its useful life, and

Re: Pedestrian Safety Action Plan (PSAP) Funding

The City of Ithaca has received a grant for pedestrian safety improvements at the signalized intersections of State Street/Stewart Avenue, Cayuga Street/Tompkins Street, Cayuga Street/Lincoln Street, as well as other locations. The grant will cover the installation of pedestrian head indications, push buttons and other infrastructure required to allow these pedestrian improvements to function at these three intersections.

I would like to take advantage of this opportunity and replace the remainder of signal equipment at these three intersections at the same time (in 2021) with City funds. The City would contribute $175,000 total for all three intersections, while the grant would cover about $300,000 of the costs. There are several reasons why it is important to replace the full signal at this time:

- The traffic signal head at Cayuga/Lincoln was recently struck by a truck and cannot currently function properly as a result. This head is susceptible to further truck damage without reconstruction, as it cannot otherwise be raised properly.
- The three traffic signals are very old and will likely need to be replaced in the next few years.
- If only the pedestrian enhancements are constructed, future traffic signal reconstruction will be more expensive. Some work would have to be redone and mobilization, survey and maintenance and protection of traffic would be paid for twice. The estimated cost savings of doing all of the work at once is $35,000.

I am requesting these funds now, instead of through the capital project process, because I need to obligate these funds before the end of September. If I cannot obligate the funds by that time, there is a significant chance that the entire grant funding could be put in jeopardy, due to uncertainties around approval of a national transportation bill.

In addition to the $175,000 requested above, the City Electrician (Jon Maragni) would like to request $15,000 to replace the existing signal head and related infrastructure. If we cannot fund this improvement, it is likely the traffic signal will remain in flash until the PSAP construction project can be completed, likely a year or more from now.

I appreciate that these are challenging financial times. For that reason, this is the only transportation project that I am requesting funding for in 2021. The project has immense safety implications, especially for school students, and the grant makes it a tremendous value. Thank you for your consideration.

Such recording shall be exempt from any charge, mortgage recording tax or other fee in the same manner as if recorded by the Municipality.

B. Before a Qualified Property Owner and a Financing Party enter into a Finance Agreement which results in a loan to finance a Qualified Project, repayment of which is secured by a Benefit Assessment Lien, a written consent from each existing mortgage holder of the Qualified Property shall be obtained, permitting the Benefit Assessment Lien and each Annual Installment Lien to take priority over all existing mortgages.

§4. **Procedures for eligibility**

A. Any property owner in the Municipality may submit an application to EIC on such forms as have been prepared by EIC and made available to property owners on the website of EIC and at the Municipality’s offices.

B. EIC may also request further information from the property owner where necessary to aid in its determination.

C. If a positive determination on an application is made by EIC, acting on behalf of the Municipality, the property owner shall be deemed a Qualified Property Owner and shall be eligible to participate in the Program in accordance with § 6 of this local law.

§5. **Application criteria**

Upon the submission of an application, EIC, acting on behalf of the Municipality, shall make a positive or negative determination on such application based upon the following criteria for the making of a financing:

A. The property owner may not be in bankruptcy and the property may not constitute property subject to any pending bankruptcy proceeding;
B. The amount financed under the Program shall be repaid over a term not to exceed the weighted average of the useful life of Renewable Energy Systems and Energy Efficiency Improvements to be installed on the property as determined by EIC;

C. Sufficient funds are available from Financing Parties to provide financing to the property owner;

D. The property owner is current in payments on any existing mortgage on the Qualified Property;

§6. Energize NY Finance Agreement

A. A Qualified Property Owner may participate in the Program through the execution of a finance agreement made by and between the Qualified Property Owner and a Financing Party, to which EIC, on behalf of the Municipality, shall be a third-party beneficiary (the “Finance Agreement”). Upon execution and delivery of the Finance Agreement, the property that is the subject of the Finance Agreement shall be deemed a “Benefited Property”.

B. Upon execution and delivery of the Finance Agreement, the Benefited Property Owner shall be eligible to receive funds from the Financing Party for the acquisition, construction, and installation of a Qualified Project, together with Eligible Costs and Financing Charges approved by EIC and by the Financing Party, provided the requirements of the Enabling Act, the Municipal Agreement and this local law have been met.

C. The Finance Agreement shall include the terms and conditions of repayment of the Secured Amount and the Annual Installment Amounts.

The Finance Agreement shall set forth the terms and conditions of repayment in accordance with the following:

A. The principal amount of the funds loaned to the Benefited Property Owner for the Qualified Project, together with Eligible Costs and Financing Charges approved by EIC and by the Financing Party, shall be specially assessed against the Benefited Property and will be evidenced by a Benefit Assessment Lien recorded against the Benefited Property on the land records on which liens are recorded for properties within the Municipality. The special benefit assessment shall constitute a “charge” within the meaning of the Enabling Act and shall be collected in annual installments in the amounts certified by the Financing Party in a schedule provided at closing and made part of the Benefit Assessment Lien. Said amount shall be annually levied, billed and collected by EIC, on behalf of the Municipality, and shall be paid to the Financing Party as provided in the Finance Agreement.

B. The term of such repayment shall be determined at the time the Finance Agreement is executed by the Benefited Property Owner and the Financing Party, not to exceed the weighted average of the useful life of the systems and improvements as determined by EIC, acting on behalf of the Municipality.
C. The rate of interest for the Secured Amount shall be fixed by the Financing Party in conjunction with EIC, acting on behalf of the Municipality, as provided in the Finance Agreement.

§8. Levy of Annual Installment Amount and Creation of Annual Installment Lien

A. Upon the making of the loan pursuant to the Finance Agreement, the Secured Amount shall become a special Benefit Assessment Lien on the Benefited Property in favor of the Municipality. The amount of the Benefit Assessment Lien shall be the Secured Amount.

Evidence of the Benefit Assessment Lien shall be recorded by EIC, on behalf of the Municipality, in the land records for properties in the Municipality. Such recording shall be exempt from any charge, mortgage recording tax or other fee in the same manner as if recorded by the Municipality. The Benefit Assessment Lien shall not be foreclosed upon by or otherwise enforced by the Municipality.

B. The Finance Agreement shall provide for the repayment of the Secured Amount in installments made at least annually, as provided in a schedule attached to the Benefit Assessment Lien (the “Annual Installment Amount”). The Annual Installment Amount shall be levied by EIC, on behalf of the Municipality, on the Benefited Property in the same manner as levies for municipal charges, shall become a lien on the Benefited Property as of the first day of January of the fiscal year for which levied (the “Annual Installment Lien”) and shall remain a lien until paid. The creation or any recording of the Annual Installment Lien shall be exempt from any charge, mortgage recording tax or other fee in the same manner as if recorded by the Municipality. Payment to the Financing Party shall be considered payment for this purpose. Such payment shall partly or wholly discharge the Annual Installment Lien. Delinquent Annual Installment Amounts may accrue Financing Charges as may be provided in the Finance Agreement. Any additional Financing Charges imposed by the Financing Party pursuant to the Finance Agreement shall increase the Annual Installment Amount and the Annual Installment Lien for the year in which such overdue payments were first due.

C. The Benefit Assessment Lien shall be reduced annually by the amount of each Annual Installment Lien when each Annual Installment Lien becomes a lien. Each Annual Installment Lien shall be subordinate to all Municipal Liens, whether created by Section 902 of the RPTL or by any other State or local law. No portion of a Secured Amount shall be recovered by the Municipality, EIC, or an assignee upon foreclosure, sale or other disposition of the Benefited Property unless and until all Municipal Liens are fully discharged. Each Annual Installment Lien, however, shall have priority over all Non-Municipal Liens, irrespective of when created, except as otherwise required by law.

D. Neither the Benefit Assessment Lien nor any Annual Installment Lien shall be extinguished or accelerated in the event of a default or bankruptcy of the Benefited Property Owner. Each Annual Installment Amount shall be considered a charge upon the Benefited Property and shall be collected by EIC, on behalf of the Municipality, at the same time and in the same manner as real property taxes or municipal charges. Each Annual Installment Lien shall remain a lien until paid. Amounts collected in respect of an Annual Installment Lien shall be remitted to EIC, on behalf of the Municipality, or the Financing Party, as may be provided in the Finance Agreement.

E. EIC shall act as the Municipality’s agent in collection of the Annual Installment Amounts. If any Benefited Property Owner fails to pay an Annual Installment Amount, the Financing Party may redeem the Benefited Property by paying the amount of all unpaid Municipal Liens thereon, and thereafter shall have the right to collect any amounts in respect of an Annual Installment
Lien by foreclosure or any other remedy available at law. Any foreclosure shall not affect any subsequent Annual Installment Liens.

F. EIC, on behalf of the Municipality, may sell or assign for consideration any and all Benefit Assessment Liens and Annual Installment Liens to Financing Parties that provide financing to Qualified Properties pursuant to Finance Agreements. The Financing Parties may sell or assign for consideration any and all Benefit Assessment Liens and Annual Installment Liens received from EIC, on behalf of the Municipality, subject to certain conditions provided in the administration agreement between EIC and the Financing Party. The assignee or assignees of such Benefit Assessment Liens and Annual Installment Liens shall have and possess the same powers and rights at law or in equity as the Municipality would have had if the Benefit Assessment Lien and the Annual Installment Liens had not been assigned with regard to the precedence and priority of such lien, the accrual of interest and the fees and expenses of collection.

§9. Verification and report

EIC, on behalf of the Municipality, shall verify and report on the installation and performance of Renewable Energy Systems and Energy Efficiency Improvements financed by the Program in such form and manner as the Authority may establish.

§10. Separability.

If any clause, sentence, paragraph, section, or part of this local law shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part thereof involved in the controversy in which such judgment shall have been rendered.

Section 2. This local law shall take effect upon filing with the Secretary of State.
5.2 Authorization for Municipal Agreement with the Energy Improvement Corporation to Implement the Energize NY Open C-PACE Financing Program

WHEREAS, by Local Law No. 2015-2, the City of Ithaca created the Energize NY Benefit Financing Program (also known as the Sustainable Energy Loan Program) utilizing the Energy Improvement Corporation (EIC), a local development corporation acting on behalf of the City, to provide Property Assessed Clean Energy (PACE) financing to assist qualified property owners who undertake energy efficiency measures and install renewable energy systems, and

WHEREAS, in 2015 the City entered into a Municipal Agreement with EIC to administer the Energize NY Benefit Financing Program, and

WHEREAS, in 2018 the City amended the NY Benefit Financing Program by local law No. 2018-1 and modified its agreement with EIC to enable changes made by New York State at the local level, and

WHEREAS, in 2019 EIC launched a new PACE financing program called Open C-PACE which replaces EIC’s former PACE program and enables municipalities to offer the public benefit of PACE without incurring any administrative or financial obligations, and

WHEREAS, in June 2019, Common Council adopted the Ithaca Green New Deal which included a goal to achieve a carbon neutral city by 2030 and with which Open C-PACE is in alignment, and

WHEREAS, by Local Law No. 2020-XX, known as the “Energize NY Open C-PACE Financing Program”, the City of Ithaca repeals and replaces the City’s former PACE law embodied in the provisions of Article VII, Chapter 4 of the City Code, and

WHEREAS, a new Municipal Agreement is required to establish the roles, responsibilities, and obligations of EIC and the City in the administration of the new Energize NY Open C-PACE Financing Program; now, therefore, be it

RESOLVED, That the Mayor, upon review of the City Attorney, is hereby authorized to enter into a Municipal Agreement with the Energy Improvement Corporation, a local development corporation, to implement the Energize NY Open C-PACE Financing Program; this program will allow EIC, acting on behalf of the City, to make funds available to qualified property owners to fund renewable energy systems and energy efficiency measures on commercial properties, and, be it further

RESOLVED, That said agreement shall be at no cost to the City, and, be it further

RESOLVED, That said agreement shall be in substantially the same form as the Agreement attached hereto as "Appendix A" subject to the approval of the City Attorney.
The purpose of this memo is to provide background information on the proposed adoption of a new local law known as the “Energize NY Open C-PACE Financing Program” and a related resolution authorizing the City to enter into agreement with the entity who would administer this program on behalf of the City.

The City has had a Property Assessed Clean Energy (PACE) financing law and agreement on the books since 2015, with modifications made in 2018. The purpose of PACE financing is to assist qualified property owners who undertake energy efficiency measures and install renewable energy systems. To date, no property owners in the City have availed themselves of the program. However, in mid-2019 New York State and the Energy Investment Corporation (EIC), the local development corporation charged by the State with overseeing and administering the program, changed it to make it more attractive to both municipalities and property owners. The name of the new program is Open C-Pace.

EIC currently has a pending project waiting for Open C-PACE to be enabled in the City. The new program has also been recently used in neighboring cities. For example, here is press from the first PACE project in Syracuse: www.urbancny.com/energy-saving-upgrades-to-historic-syracuse-hotel-the-largest-pace-financing-investment-in-state-history/. The City has also adopted a Green New Deal with bold carbon reduction goals.

In order to enact C-PACE, the City must adopt a new local law and enter into a new agreement with EIC, spelling out the new terms of the program. The new law would repeal and replace the existing local PACE law.

A separate memo from EIC further outlining advantages of Open C-PACE is attached, and Sarah Smiley, Director of Member Services for EIC, will attend the PEDC meeting on June 10th to present and answer questions. I am also available to answer questions about this resolution and local law at tknipe@cityofithaca.org.

To: City of Ithaca Common Council
From: Energy improvement Corporation (EIC) RE: EIC NY Open C-PACE

In April of 2019, EIC launched a new Property Assessed Clean Energy (PACE) finance program, called Open C-PACE. This program channels private capital to commercial and non-profit building owners to make energy upgrades to their buildings, stimulating economic development and providing an important environmental benefit through reduced emissions. PACE financing is authorized by Article 5-L of NYS General Municipal Law, which enables municipalities to secure repayment of the financing through a benefit assessment lien on the improved property.

Open C-PACE replaces EIC's former "make whole" PACE program, and enables the municipality to offer the public benefit of PACE without incurring any administrative or financial obligations. To enable Open C-PACE, the City must adopt a new Local Law and authorize a new Municipal Agreement with EIC (template documents provided by EIC). These documents must remain uniform as Open C-PACE is a statewide program.

Advantages of Open C-PACE:

- **EIC will bill the property owner directly and administer collection of the payment; the municipality will not add a charge to the property’s tax bill.** EIC converted to direct billing to remove administrative obligations from municipalities, and offer a more direct collection approach to capital providers. Separating the annual PACE installment amount from the municipal tax bill also enabled EIC to subordinate the PACE lien to municipal taxes.

- **The municipality is not responsible for guaranteeing the loan payment.** This change addressed concerns raised by municipalities and eliminated the need to charge higher fees to fund municipal loss reserves for new projects.

- **Funds are provided through EIC-approved capital providers, listed on EIC’s website.** An open market program makes more capital available to improve the building stock and fosters competition for projects, which lowers rates for property owners.

- **Financing is secured through a Benefit Assessment Lien which EIC will record on the land records of the benefited property.** The Benefit Assessment Lien is subordinate to municipal taxes and senior to all other liens (consent from existing mortgage holders is required).
In the event of non-payment, the capital provider may enforce delinquent Annual installment Liens by following the same timeline of foreclosure governing delinquent municipal taxes, and only after paying any taxes owed by the property owner to the municipality.

Commercial property owners and non-profits will benefit from lower fees, competitive interest rates, financing terms as long as 30 years and transferability if the property is sold. The community will benefit from more impactful clean energy projects.

EIC is a non-profit, local development corporation administering PACE finance on behalf of its member municipalities.

Property Owners and providing for repayment of the Loans from monies collected by or on behalf of the Participating Municipality as a Benefit Assessment.

EIC represents and warrants that it has complied with all laws and regulations concerning its organization, its existence and the transaction of its business and that all necessary steps have been taken to authorize it to execute, deliver and perform its respective obligations under this Agreement, and no consent or approval of any third-party is required for EIC’s execution of this Agreement or the performance of its obligations contained herein. The individual executing this Agreement on behalf of EIC has been and is duly authorized to bind EIC.

Participating Municipality.

Authority. The Participating Municipality is a municipal corporation, constituting a tax district as defined in Section 1102 of the RPTL of the State, duly organized and existing under the laws of the State and has full legal right, power and authority to (i) adopt the Local Law, (ii) assess, collect, remit and assign Benefit Assessments for Benefited Properties located within its geographical boundaries, (iii) levy Benefit Assessment Liens against Benefited Properties located within its geographical boundaries, (iv) conduct its business and own its properties, (v) enter into this Agreement and to comply with its terms, and (vi) carry out and consummate, by contract or otherwise, all other transactions contemplated by its participation in Open C-PACE.

Adoption of Local Law. The Participating Municipality has on ____ adopted the Local Law authorizing the provision of financing through Open C-PACE to Qualified Properties for Qualified Projects.

Approvals and Consents. The Participating Municipality has duly approved the execution and delivery of this Agreement and approved implementation of Open C-PACE by EIC and has authorized EIC to act on its behalf in effectuating Open C-PACE; and any and all consents, authorizations and approvals of any third-party required with respect thereto have been obtained.

Capacity. The Participating Municipality has the legal, institutional, managerial, technical, contractual and financial capability to (a) ensure adequate and timely assessment and collection of property taxes in the Participating Municipality, (b) levy and record Benefit Assessment Liens on Benefited Properties within its geographical boundaries, and (c) assign or authorize EIC, on its behalf, to assign the Benefit Assessment Liens to third-party capital providers in connection with the financing of Qualified Projects.
Binding Obligation. This Agreement has been duly authorized, executed and delivered by the Participating Municipality and constitutes a legal, valid and binding obligation of the Participating Municipality except as enforceability may be limited by applicable bankruptcy, insolvency, fraudulent conveyance, reorganization, moratorium or similar laws affecting the enforcement of creditors’ rights generally and the application of general principles of equity by a court of competent jurisdiction (whether in an action of law or a proceeding in equity); the defense of sovereign immunity is not available to the Participating Municipality in any proceedings by EIC to enforce any of the obligations of the Participating Municipality under this Agreement.

No Action. There is no claim, action, suit, litigation, proceeding, arbitration, inquiry or investigation of any kind, at law or in equity, before or by any court, public board or body, pending or known to be threatened against the Participating Municipality, nor is there any basis therefore, (i) affecting the creation, organization or existence of the Participating Municipality or the title of its officers to their respective offices, (ii) seeking to prohibit, restrain or enjoin or in any way contest the execution of this Agreement, the Finance Agreement or any other agreement entered into in connection with the Participating Municipality’s participation in the Program, or (iii) seeking to prohibit, restrain, enjoin or in any way contesting or affecting the validity or enforceability of the Local Law, this Agreement or any agreement or instrument relating to any of the foregoing or used or contemplated for use in the consummation of the transactions contemplated by any of the foregoing.

No Material Default. The Participating Municipality is not in material default under any finance agreement, note, bond, mortgage or other instrument evidencing or securing indebtedness of the Participating Municipality. The execution and delivery of this Agreement, and the adoption of the Local Law and compliance with the respective provisions hereof and thereof, will not conflict with or constitute a breach of or material default under any applicable law or administrative regulation of the State or the United States of America or any applicable judgment or decree or any agreement or other instrument to which the Participating Municipality is a party or by which it or any of its property is bound.

Obligations of EIC.

It is understood by the Parties that EIC will be responsible for the performance of the following duties:

Program Requirements.

The establishment and administration of Open C-PACE to provide financing to Qualified Properties within the Participating Municipality in order to
promote, facilitate and finance Qualified Projects in accordance with the
terms of the Local Law and this Agreement.

Receive and review (or provide for the review of) applications submitted by
Qualified Property Owners within the Participating Municipality for the
financing of Qualified Projects, and the approval or disapproval of such
applications in accordance with the Authority’s guidelines, any restrictions
imposed by the Participating Municipality, and the policies and procedures
adopted by EIC with respect to Open C-PACE (the “Policies and
Procedures”). The governing Board of EIC reserves the right to reject an
application for financing for any reason.

Prepare and deliver to the Participating Municipality by February 15th of each
calendar year an annual report (the “Annual Report”) which shall contain
information related to each Benefited Property within the Participating
Municipality through December 31st of the immediately preceding calendar
year, identified in the Annual Report by address and Tax Map Identification
(i.e. section, block and lot) including:

A list of each Benefited Property for which a Qualified Property Owner
executed a Finance Agreement during the prior calendar year (for
which a Benefit Assessment Lien was added by EIC, on behalf of
the Participating Municipality, to its land records in accordance with
Section 3(d) below);

A list of each Benefited Property within the Participating Municipality
where the Benefit Assessment and all obligations under the related
Finance Agreement have been satisfied or paid in full during the
prior calendar year, including the satisfaction date and a copy of the
notice of satisfaction;

The total Annual Installment Amount paid to each Financing Party for each
Benefited Property in the Participating Municipality during the prior
calendar year;

For each Benefited Property with an outstanding Benefit Assessment, (i) the
Annual Installment Amount collected in the current year, (ii) any
amount of the Annual Installment Amount due and remaining
uncollected in the current year, including any Financing Charges,
and (iii) the Annual Installment Amount due to be collected in the
following calendar year; and

All other information EIC may deem to be relevant to each Benefited
Property within the Participating Municipality.
Qualified Project Requirements.

If a Qualified Property Owner requests financing from EIC under the Program, EIC shall:

1. Require performance of an Energy Audit or Renewable Energy System Feasibility Analysis on the Qualified Property that assesses the expected energy cost savings of the Energy Efficiency Improvements or Renewable Energy Systems over the useful life of such Energy Efficiency Improvements and/or Renewable Energy Systems before approving such financing;

2. Impose requirements and criteria to ensure that the proposed Energy Efficiency Improvements or Renewable Energy Systems are consistent with the purpose of the Program;

3. Require that the Qualified Property Owner obtain the consent of any existing holder of a mortgage on the Qualified Property substantially in the form of Exhibit C attached hereto, prior to the recording of a Benefit Assessment Lien against the Qualified Property;

4. Receive the certificates of completion executed by the Benefited Property Owner or its duly authorized representative during or following installation or construction of the Qualified Project to determine compliance with the Policies and Procedures; and

Finance Agreement for Qualified Project. The Financing Party and the Qualified Property Owner shall enter into a Finance Agreement for the Qualified Project which shall set forth the terms and conditions for the disbursement and repayment of the Loan and the duties and obligations of the parties with respect to the acquisition, construction and installation of the Qualified Project. EIC, on behalf of the Participating Municipality, shall be a third-party beneficiary to the Finance Agreement. The Finance Agreement shall state (a) the legal description of the Benefited Property, (b) the total Benefit Assessment that will be levied against the Benefited Property which shall include the cost of the Qualified Project together with any Eligible Costs and Financing Charges approved by EIC and by the Financing Party, (c) the fixed rate of interest on the Loan, and (d) a schedule of the Annual Installment Amounts due in each year of the Loan. Additionally, the Finance Agreement shall disclose the Financing Charges and risks associated with participation in the Program, including the risk of foreclosure in case of nonpayment of any Annual Installment Amount. Upon execution of the Finance Agreement by the Financing Party and the Qualified Property Owner, the property
that is the subject of the Finance Agreement shall be deemed a “Benefited Property.”

Levy and Recording of Benefit Assessment Lien.

Upon execution of a Finance Agreement, EIC, on behalf of the Participating Municipality, shall promptly record the Benefit Assessment Lien against the Benefited Property in the land records for properties in the Participating Municipality. The Benefit Assessment Lien shall be substantially in the form of Exhibit A to this Agreement and include a legal description of the Benefited Property and a schedule of the Annual Installment Amounts due in each year of the Loan. There shall be no charge, mortgage recording tax or other fee for recording the Benefit Assessment Lien on the land records for the Participating Municipality in the same manner as if recorded by the Participating Municipality. As provided in the Enabling Act and the Local Law, the Benefit Assessment levied pursuant to this Agreement and the interest, fees and any penalties thereon shall constitute a lien against the Benefited Property on which they are made until they are paid. The Benefit Assessment shall be payable by the Benefited Property Owner in Annual Installment Amounts as provided in the Finance Agreement. Only delinquent Annual Installment Amounts that are due and owing may be subject to enforcement.

Pursuant to the Finance Agreement, the final amount of the Benefit Assessment may be adjusted after the recording of the Benefit Assessment Lien on the land records for the Participating Municipality. Such an adjustment would likely be the result of a change in the energy improvement service contract amount during the construction period, additional Financing Charges, or an amendment to the Finance Agreement. In the event that the final Benefit Assessment needs to be adjusted at the completion of the Qualified Project, or any other time, EIC, on behalf of the Participating Municipality, will record the new Benefit Assessment Lien on the land records to reflect such adjustment, together with a new schedule of Annual Installment Amounts. Such recording of the new Benefit Assessment Lien against the Benefited Property shall be exempt from any charge, mortgage recording tax or other fee in the same manner as if recorded by the Participating Municipality.

Annual Installment Liens.

As provided in the Local Law, each Annual Installment Amount shall be considered a charge upon the Benefited Property and shall become a lien on the Benefited Property as of the first day of January of the fiscal year for which levied (the “Annual Installment Lien”) and shall remain a lien until paid. Payment to the Financing Party shall be considered payment for this purpose. Delinquent Annual Installment Amounts may accrue Financing Charges as may be provided in the Finance Agreement. Any additional Financing Charges imposed by the Financing Party pursuant to the Finance
Agreement shall increase the Annual Installment Amount and the Annual Installment Lien for the year in which such overdue payments were first due.

The Benefit Assessment Lien shall be automatically reduced annually by the amount of each Annual Installment Lien when each Annual Installment Lien becomes a lien. Each Annual Installment Lien shall be subordinate to all Municipal Liens, whether created by Section 902 of the RPTL or any other State or Local Law. No Annual Installment Amount shall be recovered by the Participating Municipality, EIC, or any assignee upon foreclosure, sale or other disposition of the Benefited Property unless and until all Municipal Liens are fully discharged. Each Annual Installment Lien, however, shall have priority over all Non-Municipal Liens, irrespective of when created, except as otherwise required by law.

Neither the Benefit Assessment Lien nor any Annual Installment Lien shall be extinguished or accelerated in the event of a default or bankruptcy of the Benefited Property Owner. Each Annual Installment Amount shall be considered a charge upon the Benefited Property and shall be collected by EIC, on behalf of the Participating Municipality, at the same time and in the same manner as real property taxes or municipal charges. Each Annual Installment Lien shall remain a lien until paid. Amounts collected in respect of an Annual Installment Lien shall be remitted to EIC or the Financing Party, as may be provided in the Finance Agreement.

Final Payment and Release. Upon notice from the Financing Party that the Benefit Assessment has been satisfied and paid in full, together with all Eligible Costs and Financing Charges provided under the Finance Agreement, EIC, on behalf of the Participating Municipality, will execute a Satisfaction and Release of Benefit Assessment Lien (the “Release”) substantially in the form attached hereto as Exhibit D, and record the Release on the land records for the Participating Municipality. There shall be no charge, mortgage recording tax or other fee for recording the Release on the land records for the Participating Municipality in the same manner as if recorded by the Participating Municipality.

Billing and Collection of Annual Installment Amounts.

The Finance Agreement shall provide for the repayment of the Benefit Assessment in Annual Installment Amounts. EIC will act as the Participating Municipality’s agent in the billing and collection of the Benefit Assessment for each Benefited Property listed in the Annual Report in accordance with the related Finance Agreement.

In the event of a default in payment of any Annual Installment Amount for a Benefited Property, EIC agrees to take at least the following steps to collect
the delinquent Annual Installment Amount on behalf of the Participating Municipality:

Mail a written notice of delinquency and demand for payment to the Benefited Property Owner by both certified mail, return receipt requested, and first class mail; and

Mail a second notice of delinquency to the Benefited Property Owner by both certified mail, return receipt requested, and first class mail at least 30 days after the date of the first notice if the delinquency is continuing.

If the Benefited Property Owner fails to cure the delinquency within 30 days after the mailing of the second notice of delinquency, then the Financing Party may redeem the Benefited Property and pursue collection of the delinquent Annual Installment Amounts as provided in paragraph (h) of this Section 3.

Collection of Delinquent Payments.

If any Benefited Property Owner fails to pay an Annual Installment Amount, the Financing Party may redeem the Benefited Property by paying the amount of all unpaid Municipal Liens thereon, and thereafter have the right to collect any amounts in respect of an Annual Installment Lien by foreclosure pursuant to the RPTL or any other remedy available at law.

EIC shall provide written notice to the Participating Municipality of the institution of a judicial foreclosure or other proceeding against any Benefited Property located within the Participating Municipality for payment of delinquent Annual Installment Amounts.

Obligations of the Participating Municipality.

Appointment of EIC as Agent. The Participating Municipality hereby appoints EIC to act as its agent in the administration of the Open C-PACE Program within the Participating Municipality and in its dealings with Financing Parties, Qualified Property Owners and Benefited Property Owners. EIC is authorized on behalf of the Participating Municipality to levy and record the Benefit Assessment Lien, any amendments or assignments thereof and the Release in the land records for properties in the Participating Municipality without charge, and to take any reasonable actions in the performance of its duties hereunder.

Assignment of Benefit Assessment Lien.

The Participating Municipality authorizes EIC, on its behalf, to sell or assign any and all Benefit Assessment Liens and Annual Installment Liens to a Financing Party that provides financing to a Qualified Property pursuant to a Finance Agreement. The Assignment of Benefit Assessment Lien shall be in substantially the form attached hereto as Exhibit B, and shall be filed
by EIC, on behalf of the Participating Municipality, in the land records for the Participating Municipality at the same time as the Benefit Assessment Lien.

The Financing Party may sell or assign for consideration any and all Benefit Assessment Lien and Annual Installment Liens received from EIC, on behalf of the Participating Municipality, subject to certain conditions provided in the administration agreement between EIC and the Financing Party. Any such assignment shall be in a form acceptable to EIC, and shall be filed by the Financing Party or, at its request and upon indemnification, by EIC, on the land records for the Participating Municipality. The assignee or assignees of such Benefit Assessment Liens and Annual Installment Liens shall have and possess the same powers and rights at law or in equity as EIC would have had if the Benefit Assessment Lien and Annual Installments Liens had not been assigned with regard to the precedence and priority of such lien, the accrual of interest and the fees and expenses of collection. There shall be no charge, mortgage recording tax or other fee for recording of any assignment on the land records for the Participating Municipality if filed by EIC, in the same manner as if recorded by the Participating Municipality.

Notices.

Within 10 days of EIC’s request, the Participating Municipality will provide written notice to EIC of any delinquency in the payment of real property taxes by a Benefited Property Owner if the Benefited Property is subject to a Benefit Assessment Lien.

The Participating Municipality will also provide written notice to EIC of any sale or assignment of its real property taxes or any institution of a judicial foreclosure or other proceeding against any Benefited Property for delinquent real property taxes if such Benefited Property is subject to a Benefit Assessment Lien.

Promotion of Program; Assistance to EIC; Modification of Program.

The Participating Municipality shall use good faith efforts to assist EIC in local marketing efforts and outreach to the local business community to encourage participation in the Program such as including Program information on the Participating Municipality’s website.

The Participating Municipality shall use good faith efforts to assist in gathering and providing information for EIC to administer the Program.

Except with respect to Qualified Properties for which an application has previously been submitted, the Participating Municipality may at any time modify Open C-PACE by changing the types of properties that may receive financing for Qualified Projects. The Participating Municipality shall provide written notice to EIC of such proposed modification. The proposed
modification shall only become effective upon written approval from EIC provided to the Participating Municipality, which shall not be unreasonably withheld. Such approval shall have no effect on the duties and obligations owed by each Party hereto in connection with this Agreement and any Benefited Property for which a Finance Agreement was executed prior thereto.

**Indemnification**

EIC agrees that it will protect, defend, indemnify and hold harmless the Participating Municipality and its officers, agents and employees from and against all claims, demands, causes of action, damages, judgments, losses and expenses, including reasonable attorney’s fees, arising out of or in connection with the negligent actions of EIC’s officers, employees and agents under this Agreement. This provision shall survive termination of this Agreement.

**Term.**

The term of this Agreement shall commence upon the date first written above. This Agreement shall be in full force and effect until all of the Benefit Assessments for Benefited Properties in the Participating Municipality have been paid in full or deemed no longer outstanding. The Participating Municipality may opt-out of continuation in the program at any time on sixty (60) days advance notice to EIC, provided that the provisions of this Agreement shall continue with regard to Benefit Assessments assessed prior to such termination date until the Benefit Assessments have been paid in full or are no longer outstanding.

**Default.**

Each Party shall give the other Party written notice of any breach of any covenant or agreement under this Agreement and shall allow the defaulting Party 30 days from the date of its receipt of such notice within which to cure any such default or, if it cannot be cured within 30 days, to commence and thereafter diligently pursue to completion, using good faith efforts to effect such cure and to thereafter notify the other Party of the actual cure of any such default. The Parties shall have all other rights and remedies provided by law, including, but not limited to, specific performance, provided, however, in no event shall either Party have the right to terminate this Agreement prior to the expiration of the Term, except as provided in accordance with Section 6 of this Agreement.

**Remedies Upon Default.**

Should the Participating Municipality default in any of its obligations hereunder, EIC shall be entitled to any remedy it may have at law and as set forth below. EIC may utilize any one or all of these remedies at EIC’s sole discretion:

EIC may sue the Participating Municipality for specific enforcement of this Agreement;
EIC shall have the right to discontinue providing any new financings to Qualified Properties located within the Participating Municipality.

EIC may suspend the Participating Municipality’s membership in EIC.

EIC shall have all other rights and remedies provided by law.

**Miscellaneous.**

**Assignment or Transfer.**

Except as provided in Section 4(b) hereof, neither Party may assign or transfer its rights or obligations under this Agreement to another unit of local government, political subdivision or agency of the State or to a private party or entity without the prior written consent of the other Party.

**Severability.**

If any clause, provision or section of this Agreement is held to be illegal or invalid by any court, the invalidity of the clause, provision or section will not affect any of the remaining clauses, provisions or sections, and this Agreement will be construed and enforced as if the illegal or invalid clause, provision or section has not been contained in it.

**Counterparts.**

This Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original, and all of which together shall constitute but one and the same instrument.

**Notices.**

Any and all notices, demands, or other communications required or desired to be given hereunder by either Party shall be delivered electronically and in writing by certified mail, return receipt requested as follows:

This Mortgage Holder Consent to Benefit Assessment (this “Consent”) is given by the undersigned entity, which is a mortgage holder (“Mortgage Holder”) on the above-referenced property (the “Property”) with respect to the above-referenced loan (the “Loan”).

This Consent shall not prohibit Mortgage Holder from pursuing any and all rights and remedies available to collect from Property Owner all amounts due to it under the Loan documents. Mortgage Holder shall have the right to cure any nonpayment by Property Owner of real property taxes and assessments (including the Benefit Assessment) to the same extent as Mortgage Holder has a right to cure nonpayment of real property taxes.

Mortgage Holder agrees that the levy of the Benefit Assessment will not constitute an event of default or trigger the exercise of any remedies under the Loan documents.
