Re: 301 East State Street – Design Review Meeting Update

Dear Lisa:

We are looking forward to a Design Review Meeting for the 301 East State Street City Centre project.

At the Site Plan Review Meeting of October 25th we presented updated renderings that had not been included in the submission packet. I am including those renderings in this letter to serve as an update for the Design Review meeting.

While we are working on other updates since the Site Plan Review meeting, particularly on the floor plans and the landscape, for the upcoming Design Review we will not be presenting those changes.

Please let me know if you need anything else.

Sincerely,

Rendering of building from East State Street and Seneca Way
