

# U.S. Local Sustainability Plans and Climate Action Plans

ICLEI USA has compiled this list of cities', towns', and counties' climate action plans, sustainability plans, and general (comprehensive) plans with sustainability or climate elements.

The list includes both ICLEI member and nonmember U.S. local governments, and was last updated 11/30/09. Data collection for this list is ongoing. While this list is extensive, covering all ICLEI local government members, plus major U.S. cities and counties, it should not be considered comprehensive. If you represent a local government that has a plan not included on this list, please contact [membership-usa@iclei.org](mailto:membership-usa@iclei.org) and we will add your plan.

Total sustainability plans completed or in process, as of 11/30/09: 56  
 Total climate action plans, completed or in process, as of 11/30/09: 141
