Financial Goals for the City of Ithaca heading into 2014:

Increase/Maintain Fund Balance

Fund Balance needs to be 10-20% of operating revenues/expenses Currently fund balance is 16.4% of expenditures Allows for greater flexibility

Reduce debt load

Reduce reliance on debt (borrowing) for payment Pay by cash where possible Debt service is 12.7% of budget

Reduce tax burden on city taxpayers

Keep tax rate increases to a minimum Assessment increases shifted to new construction and commercial Proposed 2014 tax rate at \$13.12 per \$1,000 assessed value Stay within State Property Tax Cap

Continue to move operating expenses from borrowed capital funds to G/F

Every year move streets and road construction costs to operating Every year move equipment acquisitions from capital to operating We are reducing our reliance on borrowing for operating funds

Purchase more efficiently and economically

Use more state contract, cooperative purchasing and bidding Restructure some city departments to produce operating efficiencies

Maximize revenues and minimize costs

Increase fees where applicable and lower costs

City of Ithaca 2014 Mayor's Budget Summary Narrative Notes October 1, 2013

General Fund

Revenues:

Property Tax Information:

Assessments modestly increasing with full valuation, as a result, a tax rate increase and a tax levy increase; property tax cap in place since 2012

Total 2014 budget is \$64,542,735, allocated \$52,854,474 general fund, \$4,208,893 water fund, \$6,018,716 sewer fund, \$614,652 solid waste fund and \$846,000 sidewalk districts, compared to 2013 budget of \$62,254,904

The 2014 tax rate is \$13.12 per \$1,000 assessed value, this represents a .31% increase in the tax rate from the 2013 rate of \$13.08, and the dollar increase from the 2013 rate is \$0.04

The total tax levy increase for 2014 is 2.08%; the 2013 tax levy increase was 2.72%...the property tax cap for 2014 is 2.12%...lowest tax levy increase since 2000

The taxable assessment value for 2014 is \$1,563,667,095; the 2013 taxable assessment was \$1,536,536,783 a \$27,130,312 increase from 2013, a 1.77% increase

Using the same tax rate from 2013, \$13.08, would bring in additional \$354,864 of tax revenue in 2014

Every one percent change in the city tax rate would generate an additional \$204,528 in revenue Based on the projected 2014 tax rate a \$180,000 city home will pay \$2,362 in city tax, that equates to a \$8 increase in taxes per year from the 2013 taxes of \$2,354 for the same value property

The property tax revenue would increase from the 2013 amount of \$20,097,901 to the 2014 amount of \$20,515,312, a \$417,411 increase from 2013, a 2.08% increase

Tax-exempt property percentage in the city for 2014 is 60.46% down slightly from 60.82% in 2013

Sales Tax

Sales tax revenue collections are up from 2013, we are heavily reliant on sales tax revenue and the economy remains uncertain

Sales tax revenue budget increased from 2013 \$12,940,806 to 2014 \$13,123,000 an increase of \$182,194 or 1.4% from 2013 budget, our 2013 budget amount assumes a 2.2% increase over the current projected actual sales tax revenue for 2013

Sales tax inflationary factor used is 1.0%

The sales tax budget number will be reviewed during October after the next quarterly report is received from the State for a possible adjustment; the city/county dispatcher agreement is funded through the sales tax agreement, and for 2014 the amount is \$180,000

The economy remains weak and continues to have an uncertain impact on the 2013 and 2014 sales tax activity

Other Revenue

Other revenue amounts continue to be adjusted to realistic, historic and current trends; an inflationary factor is also used

The Collegetown Assessment was completed in 2008; no current assessments are in place Payments in lieu of tax increased related to PILOT and abatement programs established

Public works services revenue reflects the move of a portion of the city sidewalk program activity to a special assessment district...new for 2014

Parking revenues reflect CPI permit rate adjustments for all city garages per applicable parking agreements; **the budget assumes meter rate changes during 2014**

Parking revenue for daily collections and permits is estimated at \$1,526,900 for 2014...The amount assumes the full operation of Green Street Parking Garage surface lot, an Inlet Island lot parking fee, anticipated increase of parkers, event parking fee continued at \$5, no free county juror parking at city garages, permit increases based on CPI and equipment improvements in downtown parking garages

Parking revenue for meters is estimated at \$970,000 for 2014, review of meter rates will take place, with a meter rate restructuring after Parking Director has performed an analysis

Recreation rates and revenue increased or decreased per Youth Bureau staff recommendations

Youth Bureau revenue includes \$111,240 from Town of Ithaca for Cass Park facility

Golf Course rates increased or decreased based on actual activity and rate changes

Site Development fees estimated at \$102,000 to reflect increased development activity

We are expecting to continue our contract with the School District for civil service

Fire Protection Service represents the Town/City fire service contract; the Town of Ithaca share for 2014 fire service is 32.85%, up from 32.46% in 2013, the new fire contract continues for 2014

Projecting interest rates to remain low in 2014, interest revenue for 2014 is calculated at \$75,000

Rental of property includes rental income from retail space under the parking garages

Expecting building permit activity to remain high, but decrease in 2014, estimated at \$700,000, decreased amount by \$119,000 from 2013 budget amount per Building Department estimated Cornell and City projects; assumed another payment on the permit for Collegetown Terrace Apartments

Fines and Bail revenue estimated at \$1,170,000 for 2014, reflective of actual activity and continued elimination of the waiver of first ticket program

Sale of property assumes a few surplus city owned properties to be sold during 2014; estimated \$215,000 of revenue for the sales (one-time revenue source), would be last year of surplus property

Gifts and donations reflect contribution from Cornell University per MOU, the contribution increases by the CPI annually; the estimated CPI used for 2014 CU payment is 1.5%; the CU contribution for 2014 is estimated at \$1,270,303

Contributions from low and mod housing reflects interest earned on IURA Housing initiative borrowing, may be last year of program

Transfers from other funds for water/sewer decrease related to payroll and G/F overhead changes, reflects a move away from the current 35% 65% allocation of water and sewer fund activity, 1.7% to 2% decreases were budgeted

Transfer from Capital Fund represents interest and unneeded project authorizations, the amount is used to pay down debt; in addition using \$350,000 of State CHIPS funds for in-house street work on Old Elmira Road; also looking to use CHIPS funds for contractual street work this should result in a improved street and road construction program for 2014

Transfer from Joint Activity reflects a 10% G/F overhead allocation of the Wastewater Treatment Plant per the established Joint agreement

Transfer from Debt service relates to bond payments from bridgework or other projects funded by Federal and State aid fronted by city funds

State Aid Per Capita reflects a flat amount from the 2013 Budget, the \$2,610,398 amount is the estimated payment for 2014, the new AIM payment from NYS is made to help reduce the tax burden of

the local taxpayer, due to the State's fiscal problems we have kept this amount unchanged in 2014 from the 2013 actual amount expected to be received of \$2,610,398, we must be careful with this amount as additional cuts may take place if the NYS economy does not improve...this is an uncertain revenue source

Mortgage tax revenue is decreased to reflect current trends, continue to watch weaker housing market State Aid for security service related to city court has been taken over by the State Court System; no further payments will be made; the court system cleaning aid is expected to decrease by \$5000 for 2014; in 2012-13 we had a payment related to building improvement work currently occurring at the City Court...this will not occur in 2014

We are not using any HUD Entitlement program revenue funds in 2014; those funds can be used by the IURA as they deem necessary

No Federal Aid youth programs are reflected in the budget; if grants are received in 2014, we will change the budget at time of receipt

Total general fund revenues for 2013 were \$51,420,818, 2014 revenues are budgeted at \$52,275,660, up \$854,842, an increase of 1.7%

Revenues other than property taxes are budgeted at \$31,760,348 for 2014, up \$437,431 from the 2013 budget of \$31,322,917, an increase of 1.4%

General Fund

Expenditures:

Current August Consumer Price Index (CPI) is 1.5%, the average CPI index for 2014 to-date is 1.6%, and the last three year (2012, 2011, and 2010) average is 2.3%

Other Service Agencies:

City local share for other community service agencies is not funded in 2014; we continue to fund other human service agencies through the sales tax agreement in the amount of \$336,908 for 2013

Human Services Coalition funded at \$33,360 for 2014, an (2%) decrease from 2013

TCAD funded at \$15,190 for 2014, a (2%) decrease from 2013

Community Police Board funded at \$1,500, a (25%) decrease from 2013

Dog Control Contract, SPCA funded at \$60,375 a (4.4%) decrease from the 2013 Budget...we also included a \$2,500 amount for dog enumeration

Southside Center city contract funded at \$147,350, a (2%), decrease from the 2013 Budget, total funding for Southside is \$218,850 includes DPW building maintenance

City Hall security is funded at \$83,000 for 2014; this represents a (2%) decrease from the 2013 amount of \$84,600; the amount is part of the allocated city hall building costs in the general fund

City Departments:

All department costs reflect CSEA Comp Study salary increases per MOU in place for CSEA Admin, DPW and Confidential employees; the CSEA Admin, IPFFA, COU have contracts in place...the Executive, CSEA DPW and PBA unit contracts are currently in negotiations...for contracts not in place, all estimated salaries include no increase for 2014

Management employee's salaries have a 1.5% increase in 2014 placed in restricted contingency...a 20% health insurance contribution for management continues and a three tier prescription plan also continues in 2014

All departments 2014 funding were based on their (2%) funding requests including salaries, some departments were adjusted up or down from the negative 2% submittal...all unfunded positions are vacant unless noted...percentage change includes city hall building cost, if applicable;

City Department's budget funding for 2014 are noted as follows:

Chamberlain's Office, increases by 5.2%, CSEA compensation (comp) study, contractual salary increases, will slowly merge with Controller's Office during 2013-2015

Traffic Violations, increase of 8%, mainly CSEA comp study, contractual salary increases

Controller's Office, increase of 2%, CSEA comp study, contractual salary increases, slowly merging with Chamberlain's Office during 2013-2015

Clerks Office, increase of 7.5%, CSEA comp study, contractual salary increases, increase for Public information expenses and city hall allocation slight increase

City Attorney's Office, increase of 1%, CSEA comp study, contractual salary increases, increased outside legal contracts

Human Resources, flat amount, mainly related contractual reduction, includes CSEA comp study and contractual increases

Mayor, increase of 71%, CSEA comp study, contractual salary increases, contractual line increases and accounting for Chief of Staff position for full year

Legislative, decrease of (1.7%), contract account changes, employee recognition program continues unfunded

Police Department, mainly flat, adjust for retirements and loss of officer, added a new Deputy Police Chief for professional standards funded starting 3/1/14, unfunded School District funding 75% of Officer position for school security, increased overtime, contract account decreases, SWAT budget funded at \$40,000, moved meter maintenance funding to parking division…look at 12 hour shifts

Fire Department, mainly flat, includes contractual salary increases, accounted for retirements, reduced overtime, contract account changes, fire prevention bureau continues

Building, Planning, Zoning & Economic Development Department, now merged, decrease of 3%, CSEA comp study and contractual salary increases, layoff building receptionist and building office manager, added office/computer assistant position, remove funding for added housing inspector, funded new software package, added 5 hours to planning office assistant, removed Sustainable Strategies contract for one year, included partial funding for sustainable planner with Town of Ithaca, added salary increase to building director of code enforcement and made changes to other contractual accounts

Youth Bureau, increase of 5.3%, CSEA comp study and contractual salary increases, funding of YB Director and Deputy, some increases offset by increased revenue, added funds for mower and new recreation software, added funds for one recreation specialist, p/t recreation program assistant and p/t PSMP program leader, remove funding for one recreation program coordinator and two youth program leaders, includes a layoff

GIAC, increase of 3.2%, comp study salary increases, added p/t admin coordinator position, added living wage adjustments and changes to contractual accounts

IT Department, decrease of (28.7%), remove funding for the IT Director position, other contractual account changes...dept will merge with Clerk's office during 2014

DPW, mainly flat, CSEA comp study salary and contract account changes

DPW

Most of the Department of Public Works (DPW) reflects a flat spending level decrease from 2013 levels, all accounts include comp study and contractual salary increases

City Court and Police Building Maintenance funded in DPW accounts

Mostly followed proposed budgets with various account changes, no furlough's

Maintenance of Roads, CHIPS funds will be used to offset paving expense reductions

CHIPS funding of \$350,000 will be used to offset in-house labor and material costs related to highway construction Old Elmira Road project and will use outside contractor to assist with street construction in 2014

Sidewalks, 7 months of activity now in sidewalk special assessment district, 5 months activity remains in General fund

Maintained snow removal salt material cost at \$110,000

Retirements accounted for in various accounts

Added \$20,000 parking meter maintenance to parking director accounts, may move all IPD meter costs to parking accounts during budget discussions

Golf course, new manager in place

Supt. of Public Works, position to be hired in 2013, funding included in 2014

Adjusted several gas and oil accounts as a result of changing fuel prices

Utility accounts were adjusted according to activity and trends

Sidewalk program crew is allocated to both General fund and special assessment fund

Bridge crew continues to be fully funded in 2014

Added \$3,000 for street light parts maintenance

Several seasonal and overtime accounts were adjusted, will have a negative impact on DPW services provided to community in various areas for 2014

Other Contracts

TCAT funded at \$829,432, 0%, no increase from 2013, note that the amount in budget is net of city's \$364,000 sales tax agreement payment to TCAT made by the County

Cayuga Garage Financial Assistance Agreement (FAA) is funded for 2014 at \$960,000, this reflects a 14% increase from 2013, principal debt payment for Cayuga Garage increasing...the FAA requires an annual appropriation by Council; if the city does not appropriate these funds, the city defaults on the agreement

Gadabout funded at \$56,000, a 0%, no increase from 2013

Contribution to Ithaca Downtown Partnership (IDP) funded at \$61,000, remains at the 2013 level

Insurance/Contingency/Settlement/Other payments

Unallocated Insurance costs increase

Undistributed insurance costs funded at \$780,000, reflects a 31%, \$186,400 increase from 2013; it appears insurance costs going up as a result of claim activity and industry trends

Judgment and claims funded at \$70,000 for costs related to annual settlement expenses; this area has seen increased activity over the last few years

Contingency Account is funded at \$315,000 for 2014; represents \$175,000 in unrestricted contingency funds and the following funds in the restricted contingency account; \$30,000 for PBA Mediation/Arbitration activity, \$103,000 for Managerial/DPW contractual increases including benefits Lease payment of principal and interest for Energy Performance Contract is funded at \$220,107

Layoffs/Staff Reductions/Staff Increases

Four (4) layoffs in the 2014 budget...3 vacant positions have been unfunded for 2014

The layoffs include; the Director of IT, Building Department Receptionist, Building Department Office Manager and a Youth Program Leader in the Youth Bureau

We will also remove funding for two Youth Program Leaders at the Youth Bureau and one full-time Recreation Program Coordinator

We continue to look at operational efficiencies to reduce overall costs

In 2014, we are adding the following positions; one Administrative/Computer Assistant in Planning/Building; one part-time Recreation Program Assistant, one part-time Youth Program Leader PSMP and one Recreation Specialist in Youth Bureau; one part-time Administrative Coordinator in GIAC and one Deputy Police Chief in the Police Department (starting March 1, 2014)

Also funded in 2014, full year funding for the Chief of Staff, Youth Bureau Director and Parking Director

Funded position from Capital; Bridge System Engineer (\$60,731);

Several end of year 2013 and early 2014 retirements of city workers were factored into overall salary costs

We are not offering a retirement incentive in 2013

Fringe Benefits:

Health insurance costs increase and retirement costs finally level out, retirement costs expected to slowly decrease for 2015 and 2016

Regular retirement reflects full funding of costs, slight decrease in overall costs

Regular retirement for the General Fund is funded at \$1,703,308 for 2014, up from \$1,586,740 in 2013, this is a 7.3%, \$116,568 increase from 2013; the increase here relates to added general fund employees and a re-allocation of expenses due to past retirement costs, word of caution, a future weaker economy will translate into higher future rates; when the actual 2014 invoice is received mid-October, we may have to adjust this number up or down, rates remain high, but the trend is leveling

Police and Fire retirement reflects a full funding of costs, funded at \$2,967,259 in 2014, a 7.3%, \$233,293 decrease in overall cost from 2013: when the actual 2014 invoice is received mid-October, we may have to adjust this number up or down, rates remain high, but the trend is leveling

The total 2014 regular retirement for all funds is estimated at \$5,670,000 down from \$6,110,000 in 2013, a 7.2%, \$440,000 decrease from 2013; when the actual 2014 invoice is received mid-October, we may have to adjust this number up or down; we have no retirement exclusion allowed under the property tax cap calculation this year as rates decreased

FICA/Medicare funding at \$1,720,604 for 2014 includes the salary increases from contractual increases and estimated salary increases for 2014, a 2.1%, \$35,609 increase in costs

Workers Comp rates are estimated to rise, the cost for 2014 is increasing to \$790,658, a 71.9%, \$102,464 increase from 2013, note that this is estimated and a possible adjustment may be made prior to the final budget adoption once actual invoices are received; claim activity continues to increase

Unemployment Insurance is estimated to decrease by \$5,000 to \$75,000 for 2014, the 6.3% decrease relates to the 2013 current activity and 2014 trends, including any layoffs

Health Insurance budget costs are increasing by 10.1%, \$791,872 employee contributions factored to help offset the estimated rate hike, G/F funding at \$8,668,012 for 2014, the 2013 claim period has been steady; the city continues to participate in the health consortium, which should help stabilize future health insurance costs, but changes at the Federal level and the need to strengthen our consortium reserves will increase premiums overall...premium equivalent rates in the consortium will increase by

8.0%...overall health insurance costs are estimated to top \$10,500,000 in 2014; we are assuming employee contribution increases by Police and Fire employees for 2014

Dental Insurance decreased slightly by (1.0%), \$1,000 mainly due to activity history

Daycare and tuition costs are adjusted to reflect current and estimated activity

Personnel costs account for 72.9% of the General Fund Budget, \$38,562,994

Salary costs are \$22,338,593 and fringe benefits are \$16,224,401

Debt Service:

Debt payments and debt load remain high

Debt service payments for 2014 are funded at \$6,467,917, a decrease of \$208,761 from \$6,676,578 in 2013, a 3.1% decrease; this includes the energy performance contract lease payments of \$220,107

Interest rates remained low in 2013 and we took advantage of the lower rates; we expect rates to remain low during 2014, but there are some signs that rates are starting to inch upward; City maintains Aa2 Bond rating as recalibrated by Moody's; we took advantage of the low rates with locking into long-term rates during 2013

In 2014, we are paying off \$4,824,136 in principal and issuing \$3,959,250, a reduction of \$864,886...a small reduction...and we caution that interest rates will increase over time

Debt limit issued and authorized at 77% exhausted, limit is \$106,196,722, and the city has \$24,338,349 available for debt

Debt service accounts for 12.7% of 2014 budget as compared to 12.9% of the 2013 budget Total debt outstanding at 12/31/13 is \$109,141,796 as compared to 12/31/12 of \$88,731,620, an increase of \$20,410,176, 23.0%...of the debt outstanding \$13,723,413 relates to the IAWWTF

The need to reduce our debt load is real and our budgeted activity in both debt principal payments and authorized projects should reduce the debt going forward if the budget is followed

Total General Fund expenditures for 2013 were \$51,720,450, 2014 expenses are budgeted at \$52,854,474, up \$1,134,024 from 2013, a 2.19% increase

Fund Balance:

Current Fund Balance, 12/31/12, for the General Fund is \$8,219,332, of which \$3,756,954 is unassigned and \$4,462,378 is assigned, restricted or nonspendable; this represents 16.4% of operations

The 2014 budget appropriates \$578,814 of fund balance to balance the budget

We appropriated \$299,632 in General Fund balance in 2013 and it remains to be seen if the full amount will be needed for 2013

The \$578,814 appropriated fund balance represents 7.0% of the current fund balance

We don't recommend an annual appropriation of fund balance to balance the budget, but are ok with this appropriation as we have not used as much as estimated over the past two year...the higher the fund balance the more future financial flexibility the city will have...if all fund balance appropriation were used in 2013 and 2014, the fund balance would be approximately at 13.9% of operations...we will not be able to continue large appropriations of fund balance for much longer...if we get opportunity over the next month we will look for additional reductions in the 2014 fund balance appropriation

Other Funds

Water and Sewer Funds:

Rates continue to increase as costs increase; consumption up and down

The 2014 water rate is recommended at \$5.11 per 100 cubic feet of usage, this reflects an 8% increase from the 2013 rate of \$4.73

The 2014 sewer rate is recommended at \$5.41 per 100 cubic feet of usage, this reflects a 0% increase from the 2013 rate of \$5.41

In both the water and sewer fund we are recommending not to use fund balance to balance the budgets for 2014, the water and sewer fund balance accounts have been used to help offset needed rate increases for several years and can no longer provide such subsidy; the combined increase in rates is 8% compared to 12% in 2013

Consumption of water decreased 1.98% and consumption of sewer increased 6.46%

We have factored into both funds adjustments of revenue related to the water meter replacement project recently completed by Johnson Controls

The lease payment for the water meter replacement project is included in both funds; the total payment is \$199,786, allocated to each fund based on normal percentage allocation...this is a reduction of \$1,999 from 2013 amounts as we refinanced the interest charges for this project

Water expenditures for 2014 are \$4,208,893 a \$248,023 increase from 2013, 6.26% increase Sewer expenditures for 2014 are \$6,018,716 a \$40,052 decrease from 2013, 0.01% decrease

Fund allocation will start to move away from the current allocation of, water at 35%; sewer at 65%, we will slowly move toward a 40% and 60% split of expenses

The water source decision will have an effect on the future water costs and water rates; it is expected water costs and rates will continue to rise as debt service costs related to the rebuild of the water plant increase

The BPW will review the recommended water and sewer rates and make a recommendation for rate increases

Solid waste Fund:

Fund still has an operating deficit, tag prices are expected to increase in 2014; a yard waste fee continues in 2014

The 2014 trash tag rates are recommended to increase to \$3.75 per tag (30lbs), or a flat monthly hauling rate plus a lesser tag value will be established

The yard waste fee will remain at \$1.50 per 50lbs

The fund will be examined by staff and the BPW for possible other operational efficiencies and rate increases; possible changes include; flat rate fee, out sourcing the service and route adjustments

A general fund transfer will not be needed in 2014...this amount is \$52,301 less than the 2013 transfer

The Solid Waste Fund continues to have an insufficient fund balance

The total fund expense for 2014 is \$614,652, a \$4,749 decrease from 2013, a 0.07% decrease A decrease in tonnage collection, benefits and debt is driving the increased costs of the fund Paper Bags only for yard waste collection

Capital Funds:

With budgeted authorized capital projects and the debt principal payments scheduled for 2014 we should make some progress on our goal to reduce the debt load

The total 2014 Capital Expenditure is budgeted at \$4,404,500 as compared to 2013 of \$13,693,978. The 2014 CHIPS capital program is \$436,000, but will be used by outside contractors...we will also use in-house city forces instead of an outside contractor for the Old Elmira Road construction project.

Our plan to continue to move equipment acquisitions from capital borrowing to the General Fund will again be slowed in 2014 due to the negative economic situation of the budget...we continue to limit our replacement of machinery, vehicles or equipment...this will become a problem if done too many years in a row

The net city bonded cost for 2014 is \$3,959,250 after funding from other sources is received. The Commons reconstruction project is underway and is the reason for the large amount of capital expenses authorized in 2013...much of that project will be reimbursed by State and Federal funds

It still remains a good time to borrow with the low interest rate market, but it's important to reduce the overall debt load for the city because at some point the interest rates will start increasing
