### Site Plan Review Process and Schedule

Please note that to initiate the Site Plan Review (SPR) process you must first file a BUILDING PERMIT application with the Building Division. Call (607) 274-6509 for instructions on how to apply. The Planning and Development Board (PDB) makes decisions on development proposals subject to Site Plan Review.

To allow enough time for your proposal to be reviewed, your complete SPR application is due approximately **six weeks prior** to the meeting at which you wish the Board to act on your proposal.

Applicants must submit **14** reduced-size copies of project plans and of all other project information, including a detailed narrative, as well as **two** full-scale sets of project drawings. See the SPR Application Checklist for a complete description of requirements.

Due to the COVID-19 pandemic, City Hall remains closed to the public, but Planning staff are working to continue providing essential services at this time. Planning Board meetings will be conducted remotely via the online platform Zoom and live streamed at the City's YouTube channel at <https://tinyurl.com/y766bldw>, pursuant to the Governor's Executive Order 202.1. Contact staff for instructions on how to attend meetings conducted remotely via Zoom.

Key dates are as follows:
